Greetings!

I have the honor and privilege of requesting your attendance at:

The 30th Annual Meeting of the
INTERNATIONAL POLICE EXECUTIVE SYMPOSIUM
DATE: June 30, 2019 - July 5, 2019
LOCATION: Belgrade, Serbia

Theme:
"CONTEMPORARY POLICE CHALLENGES IN LIGHT OF A NEW WORLD AND NEW KNOWLEDGE"

May I most cordially invite you to the 30th International Police Executive Symposium, IPES, meeting on the theme of "CONTEMPORARY POLICE CHALLENGES IN LIGHT OF A NEW WORLD AND NEW KNOWLEDGE" in BELGRADE, SERBIA on JUNE 30, 2019 - JULY 5, 2019 to be held in the beautiful HOTEL MAJESTIC located in downtown Belgrade, Serbia. And, like all IPES (www.ipes.info) conferences, the meeting to be hosted in Belgrade, Serbia will be the only global meeting of its kind on policing with researchers and practitioners hobnobbing for 5 nights and 6 days in an intellectually stimulating environment we endeavor to create. The participants are encouraged to work on post-conference publications (see below). These intense meetings are interspersed with a rich cultural program. Apart from fun and enjoyment, the cultural exposure helps appreciate at first hand that policing is a product of culture.

An IPES Meeting is also more than a usual conference: We publish a post-conference book with fully edited and revised papers presented at the conference and, also a Special Issue of the affiliated journal, Police Practice and Research: An International Journal, PPR, with 7/8 most analytical papers. And, in the prolonged, somewhat retreat-like symposium, the participants enjoy a tremendous possibility of networking across the globe as well as accomplishing publications as follows:

- Find participants, academics or practitioners, interested in collaborating on joint submissions to PPR and other sources.
- Identify police leaders among the participants who may be interested in being interviewed for the IPES Book Series, Trends in Policing: Interviews with Police Leaders Across the Globe (a participant may find contacts for interviews of judges, prosecutors and defense lawyers, and Prison Leaders for other interview-based books of IPES).
- Participants may also find co-authors for the IPES Book Series, Advances in Police Theory and Practice.

Please go ahead and register at the IPES web site, www.ipes.info so that we can book a room for you in Belgrade, Serbia and arrange for full logistical support for you during your sojourn in this beautiful city. May I also add that if you are traveling with your spouse, we have reduced their registration fee to only $300 so that they may join you on this exotic conference?
