
News from the conference

**European Committee
of the Regions**

COUNCIL OF EUROPE

CONSEIL DE L'EUROPE

After many years of cooperation and working towards the promotion of local and regional authorities through numerous shared values, we are honoured to announce that our conference has obtained the patronage of the *European Committee of the Regions*, and is placed under the auspices of the *Secretary General of the Council of Europe, Ms Marija Pejčinović Burić*.

Dear Madam, Sir, Dear Members,
Thank you to those of you who have already registered to attend our international *Security, Democracy and Cities* conference! Every few weeks, we will update you on the themes that will be addressed during these two and a half days. This week, learn more about the Efus-led IcaRUS project and how it builds on Efus' 30 years of experience in advocating for a strategic approach to urban security.

The IcARUS project

Launched in September 2020, the Efus-led IcARUS project gathers 17 European partners who joined forces to conduct a cross-analysis of the evolution of urban security policies in Europe over the last three decades in order to develop forward thinking and innovative solutions for local and regional authorities to better anticipate and respond to security challenges. The preliminary findings will be presented during the conference.

Registration is open!

Let's meet in October for our international *Security, Democracy and Cities* conference! How? Create your account and follow the step by step registration process. You can register for the entire conference or one/two days. Registration will be open until 1 October at midnight.
