

Invitation to our next RCSL Conference

in Lund/Sweden from 30 August-1 September 2023.

The conference is organised by the Sociology of Law Department of Lund University. We have chosen as Conference theme:

Law, Society and Digital Pasts, Presents and Futures,

as this is one of the specialties of the Sociology of Law Department in Lund and a very timely subject.

More info at: <https://www.rcslconference2023.com/>

Paper abstracts can be submitted from **1 November 2022 – 28 February 2023**. The button is located at the right side of the website

The conference is also open for the **RCSL Working groups to meet and organise sessions on their subjects and individual paper proposals on socio-legal subjects are also welcome.**

Lund is a very attractive historical city close to Copenhagen in Denmark with its airport. The main campus buildings of Lund University are located in the centre of Lund and are an approximate 5–10 minutes' walk from the Lund's central station.

The website gives travel and accommodation details. There is also a contact form with which you can send questions to the organising committee.

We have tried the best to keep the participation fee low. There will be some limited travel funding (only covering part of the expenses) for students.

All the best, Ulrike

Ulrike Schultz, RCSL President
