

This is a warm invitation to all first responders, academia, individuals working for NGO's concerned with the protection of Places of Worship, as well as staff at Places of Worship to attend our final conference on 22 November 2023. The event will be held in Łódź, Poland, and there is still space to attend the conference online.

This day will host various speakers from EU Commission (DG HOME), EU-funded sister projects, religious leaders and congregation representatives, first responders, and international security specialists. We will introduce the ProSPeReS project, discuss how EU funding can contribute to public safety and security, explore partner projects related to the security of Places of Worship, and pay special attention to the security of religious communities.

Registration & Agenda

Link to the livestream will be shared with registered participants shortly before the livestream starts. To attend the livestream of this event, please register by filling out this form:
