

## **Invitation to attend the CEP and EuroPris workshop on Foreign Nationals in Prison and Probation**

Dear colleagues,

We invite you to join us for a crucial *workshop in collaboration with the EuroPris and kindly hosted by the Federal Ministry of Justice of Austria*, as we address one of the most significant issues facing European prison systems today—**Foreign National Offenders (FNOs)**.

As migration and global political shifts continue to impact Europe, the number and proportion of FNOs in prisons are rising, bringing unique challenges to prison and probation services. That being said, an FNO in one country is a citizen imprisoned abroad in another.

*This dual perspective is central to the work of EuroPris and CEP' Foreign Nationals in Prison and Probation (FNPP) Expert Group.*

This workshop from **29-30 October 2024**, will bring together professionals from across Europe, including those in prison, probation, and NGOs, to engage in presentations, discussions, and knowledge-sharing on this increasingly important area of criminal justice policy.
